

## Curriculum Development Statement

We set out to assist all children to attain their maximum potential within their perceived capabilities. An individual record of each child's development is maintained, showing their abilities, progress rate and areas needing further staff assistance.

The staff are very aware of the importance of the correct play environment for the children, so they develop all their areas of learning and an appreciation of all aspects of this countries multicultural society.

Planning, child observations and children's assessments are in line with the Early Years Foundation Stage.
